

October 9, 2020

Dear Environment Committee and
Energy Subcommittee,

A year ago, we launched our regional climate planning project and are now ready to share a draft plan with you. We'd like your input into draft climate mitigation (reducing greenhouse gases) and adaptation (managing a changing climate) strategies. Join us at the next joint meeting of the Environment Committee and Energy Subcommittee:

Date: Tuesday, Oct. 20th

Time: 10-11:30 a.m.

Join: <https://us02web.zoom.us/j/84883187835?pwd=bVNIL0xvSis1Y0s1dG9FZ0RLRTVzZz09>

The Mayors Caucus has worked with 3 other US regions and the International Urban Cooperation program of the EU on the *Regional and Metro Scale Climate Leaders* to pilot regional climate planning in the US.

Thank you for the feedback you've provided throughout this yearlong process at our 3 climate mitigation workshops and 4 adaptation webinars. We've also set a GHG reduction target, assessed risks and vulnerabilities and are now pulling it all together, with your feedback in mind, into a draft plan. With this plan, we will fulfill initial commitments to the Global Covenant of Mayors for Climate and Energy.

We invite you to preview the plan and share your thoughts again before we finalize the plan. Please click on the **Zoom link** [here](#) or above to join the meeting on **Tuesday, Oct. 20th, from 10-11:30 a.m.** We hope to see you there!

A handwritten signature in black ink, appearing to be "KB3" with a stylized flourish.

Kevin Burns
Mayor, City of Geneva
Environment Committee and Energy Subcommittee Chairman
Metropolitan Mayors Caucus
