# Latino Policy Forum Census 2020 Presentation

Presentation: **Roberto Valdez Jr.,  
Associate Director of External Affairs**

Data Collection: **Noreen Sugrue,  
Director of Research**

# Forum 2020 Census Presentation

- About \$20B in federal funding comes to Illinois each year in dollars that are allocated by U.S. Census data.
- This funding supports programs like Medicaid, highway infrastructure, and programs that aid low-income households, rural communities, and communities of color.
- State of Illinois appropriated \$48M for census outreach, education, and mobilization.

# Forum 2020 Census Presentation

- The Forum was part of the *Illinois Count Me In 2020* coalition, a statewide coalition focused on outreach to hard-to-count communities, providing safe spaces for self-reporting purposes and helping educate for get-out-the-count efforts.

- The Forum's Census campaign titled "Strength in Numbers" included in-person and virtual Census presentations, a comprehensive social media campaign including toolkits for community usage, Fact Sheets in English and Spanish, and the development of the Census Lotería set. See the Forum's 2020 Census work by visiting <https://tucenso.com/>

**Census Lotería Game Night**

Join the Latino Policy Forum for its Census campaign launch and Lotería game night!

Come play Census Lotería (Mexican bingo), learn how you can use the Lotería game as a resource for Census outreach in your community, and learn more about the importance of ensuring an accurate count in Illinois.

**Tuesday, February 18,**  
4:30 to 7:00 p.m.

**Molson Coors Headquarters,**  
250 S Wacker Dr, Chicago

Event is free  
Complimentary food and beverages  
RSVP required as space is limited

RSVP at [CENSUSLOTERIA.EVENTBRITE.COM](https://tucenso.com/)

# Census 2020 Undercount

- According to an Urban Institute study which involved simulated census results, the undercount was not as severe as expected.
  - There was likely an overall 0.5 percent net undercount of U.S. population
- Hardest-to-count group results in simulated 2020 Census:
  - Black people had a net undercount of more than 2.45%
  - Latinos had a net undercount of more than 2.17%
  - Children younger than age 5 were likely net undercounted by 4.86%
  - Nationwide, renters were likely undercounted by 2.13%
  - Households with a noncitizen present were likely undercounted by 3.36% overall

# Upcoming Census 2020 Data Analysis

- The census numbers released in August 2021 are limited in detail. They provide a broad overview of the population shifts between 2010 and 2020.
- Beginning in March 2022, the Census Bureau will release the 2020 census data related to socioeconomic conditions such as educational attainment, home ownership, income, household size, poverty, and country of birth.
- The Forum is planning to release a series of publications providing detailed analysis of the changes in the socioeconomic conditions of people residing in Illinois, with a special emphasis on the changing conditions of Latinos.
