Aging in a  
Changing  
Region

**Aging for a Changing Region Program:  
Available for 2022**

# Aging for a Changing Region: Program Overview

Funded by the Retirement Research Foundation on Aging, free assistance provided by the MMC and Planning/Aging.

Designed to address issues identified by the MMC Age-friendly Communities Collaborative:

- Municipalities were looking to next steps after becoming age/dementia-friendly;
- Needed help with setting initial direction, taking small steps, adding capacity;
- No dedicated source of technical assistance in the Chicago region.

Assistance includes two tailored workshop, a self-assessment, & final deliverable of recommendations.
