

Federal Direct Pay and the City of Chicago (THIS IS NOT TAX ADVICE :)

Key Elements of Our Program

- **Fleet Modernization – EVs and Charging Infrastructure for 2035 Goal**
- **Solar deployment: Rooftop and community solar**
- **Opportunities to build community wealth, show the way for Chicago non-profits and faith community (pending)**
- **Meet Chicago's 62% carbon emissions reduction goal by 2040**
- **Create a fund for bridge capital and revolving funds (pending)**

Other Factors

- Who at the City has authority to file and receive payments?
- Lack of community bridge and revolving funds for start-up (but this will change)
- How does this stack on the ground with other funding sources
- Navigating the pre-registration system
- Other credits? Not so much – maybe geothermal?
