Hi all –

Sending a note that we are going to move this meeting up to 9:30 am to accommodate guest speakers from City of Indianapolis. The City of Indianapolis passed their benchmarking ordinance in 2021 and 2023 is the first year that requires benchmarking by buildings greater than 100,000 square feet. We apologize for the last-minute change in time but are excited to have another municipality guest speaker to share their experiences and provide a chance for you all to ask questions.

The full agenda for the meeting is (December 11 9:30 am to 11 am):

- Quick intro (5 min)
- Guest speaker –City of Indianapolis to discuss their benchmarking ordinance (30 min)
- Municipal engagement updates (10 min)
- Stretch code development update and process (10 min)
- Resources and technologies to help municipalities meet the policies.
  - Technologies to meet stretch code (15 min)
  - Fact sheets (15 min)
- 2024 scoping (5-10 min)

Also, we have developed three fact sheets that we are excited to share as resources. All three are attached here: stretch code frequently asked questions, policy champion engagement, and benchmarking implementation for municipalities. We plan to talk through content from these more at the meeting and welcome any feedback.

Thanks,
