Recycling Education and Outreach – Data Collection

Metropolitan Mayors Caucus Environment and Energy Committee

REO Objectives

- **Improve participation in recycling programs**
- **Reduce contamination**

Pre-Campaign Data (2024)

Municipalities

- Tonnage of recyclables per year (per municipality)
- Number of single-family households (four-units or less)
- Collection type (curbside/drop-off)
- Frequency of collection

**Pre-Campaign
Data (2024)**

**Effectiveness
of the Campaign**

**Post-Campaign
Data (2026)**

Collaboration is Key

Municipalities

- Collaborate with the REO Partners representing your County to make sure your data is included.
- Complete survey from SCS Engineers for Pre-Campaign Data, as much information as you have.
- Seek support from your waste hauler.
