AN EXELON COMPANY

The Low Income Discount (LID) Program

Frustrated with rising energy costs?

We are, too! That's why we are taking action to keep your bills as low as possible.

Low Income Discount (LID)

The Low Income Discount Program helps you manage your energy costs by offering a discount based on your household income. If you qualify, your monthly bill can be reduced after you certify your income.

LID is available to a broader range of customers than many other income-based programs, so you may be eligible even if you haven't qualified for assistance before.

For example, a family of four earning less than \$81,000 can qualify.

Once approved, your discount will appear within one to two billing cycles and will continue for 13 to 24 months, depending on your eligibility.

We also encourage customers to visit their Local Administering Agency (LAA) to see if they qualify for a larger discount.
